Resident Portal Login and Introduction

01 Logging In to the Resident Portal

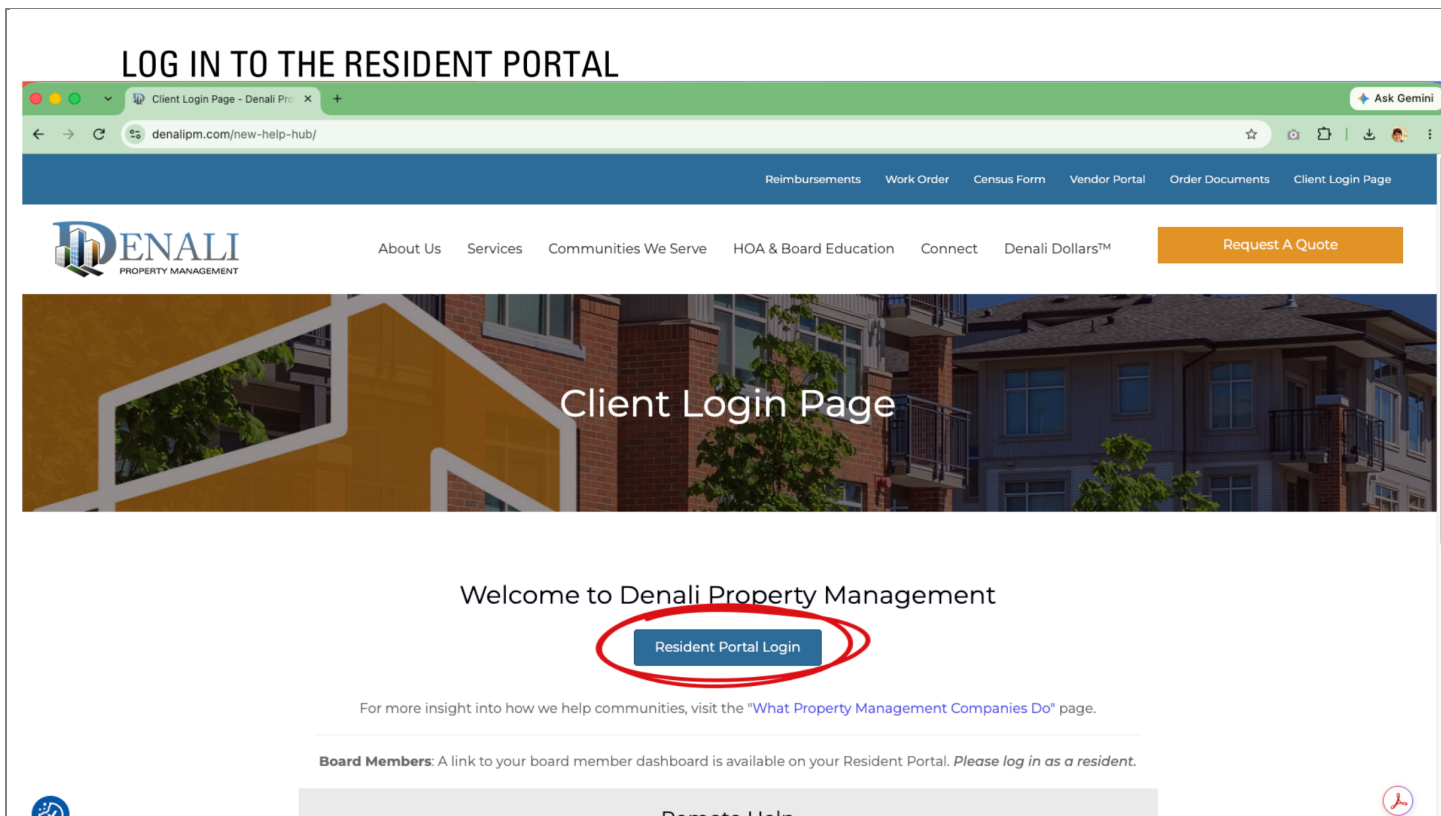

To begin, navigate to the Denali Property Management website at Denalipm.com. Once there, locate and click on the 'Client Login Page' button, found in the top right corner of the homepage. This action will direct you to the login area where you can proceed with accessing the resident portal.

LOG IN TO THE RESIDENT PORTAL

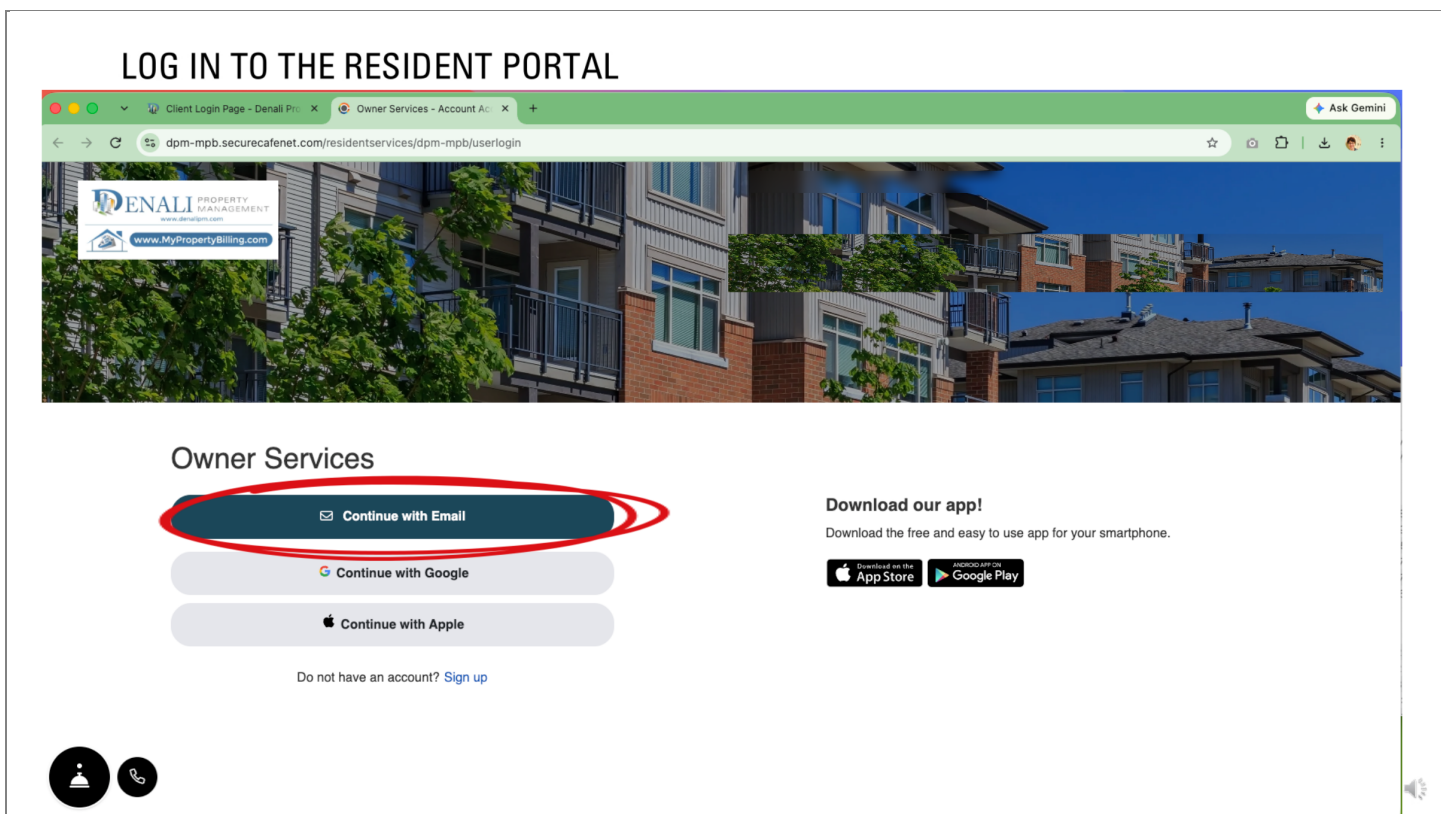

02 Selecting the Resident Portal

After clicking the 'Client Login Page' button, you'll be presented with a new page. To access your specific account, simply select the 'Resident Portal Login' button. Board members will be able to access their dashboard from their portal after logging in as a resident.

03 Continuing with Email Login

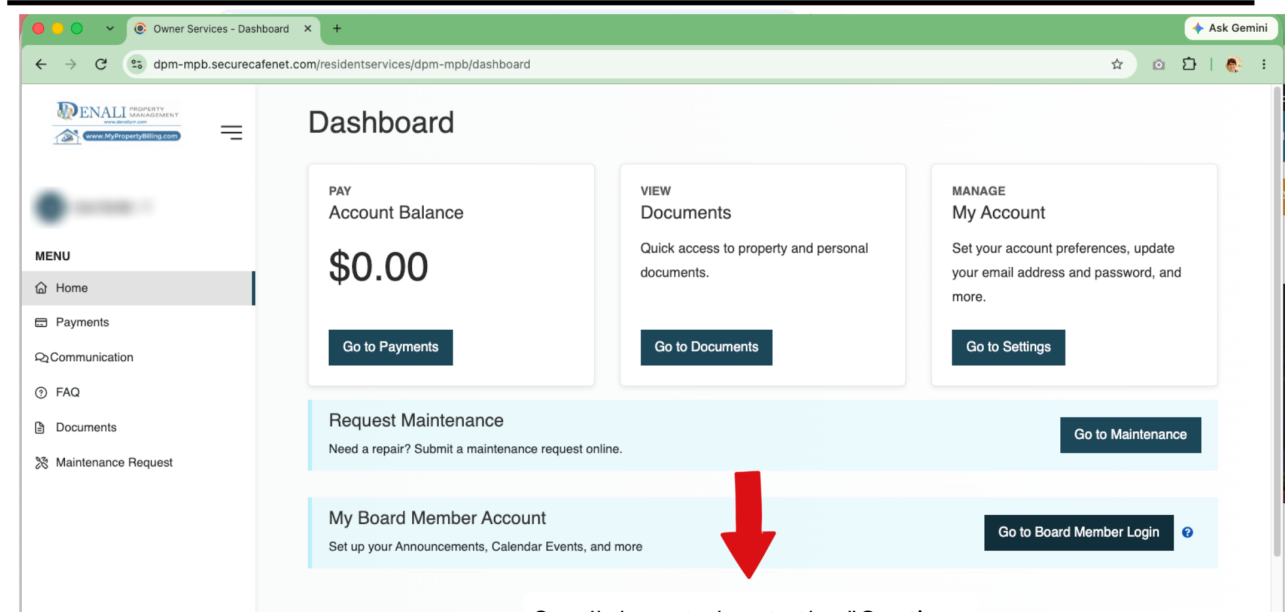

On the subsequent page, choose the 'Continue with Email' option. This will prompt you to enter the email address associated with your account, initiating the verification process to secure your access. Select to receive your verification via email or text message.

04 Accessing the Owner Portal

Once you have successfully logged in, you will see your current balance and payment options. To fully navigate the portal and access all features, locate the 'Continue to Owner Portal' link at the bottom of this page. Clicking this will grant you complete access to your personalized resident portal dashboard.
